“Calvin” is the son of the renown Holiday Compadre. He is a beautiful, liver chestnut, 6 yr. old registered Morgan gelding. He is 15.0 hands. In the arena he is fabulous, demonstrating his willingness, athleticism and suspension. Around the barn he is a very affectionate character that will keep you engaged and amused. Last winter he was in training for dressage and is packed with potential. Calvin is extremely smart and loves variety in his training. He will meet you at the gate in the morning asking, “What are we going to do today.” He is UTD on all shots, shoes, and teeth floating. Calvin is calm to work around. He stands for the vet, farrier, to be clipped or whatever. He loads easily in our slant load and has been exposed to trail obstacle training. He needs a fair, gentle, confident, strong leader to help him reach his potential. I adore this horse and hate to part with him but he is young and on his way up and I am older, slowing down as a rider, and do not think it is fair to limit his potential. **Please contact Nancy Miller 303.770.9772**
